

PAIN'T CREEK RECYCLES

Our wonderful **Evergreen School** recycles the following items:

Used Laser and Ink cartridges

Used metal hydride and lithium batteries (NOT common household batteries – those are okay to throw out)

Paper/newspaper/magazines and junk mail

Empty glue sticks and glue bottles

Old Cell Phones

Plastic caps

PLEASE send **any** and **all** of the **above** items to the school! We have containers for many of the items in the office and around the school. The paper can go into the green and yellow bin in the parking lot.

Other items we recycle in-house are:

Capri Sun bags

Plastic water bottles

Used crayons

Styrofoam lunch trays
