1.0 HOME-SCHOOL COMMUNICATION

1.1 SCHOOL TO HOME

Open communication between the school and home is an essential component of effective education. Parents will receive regularly scheduled communication in the form of:

1. District Newsletters
2. Middle School Newsletters
3. Calendar(s)
4. School Messenger

Communication related to student achievement may be in the form of progress reports, academic updates and report cards.

Progress reports are issued by request only. These reports will be generated by the teachers and sent home with students at the one-fourth and three-fourth mark of a grading period. Please notify your child's counselor if you would like to receive these reports. Updates are given to students at the mid-point of each marking period. Updates may include positive comments as well as areas for improvement. Depending on your child's status, the update may or may not include information from each of your child's classes. This, again, depends on the individual status of your child.

Report cards are issued at the end of each marking period. They are usually distributed to students, in school, one week after the end of the marking period. In certain situations they may be distributed directly to parents or as in the case at the end of the year, mailed home.

1.2 HOME TO SCHOOL

Please feel free to call the school when you have a question or concern about your child. In order to provide the most accurate information as quickly as possible, please use the following guidelines to direct your calls.

1. For general information, activities, and assignment information, check the school website (www.lakeorion.k12.mi.us) or PowerSchool.
2. For questions regarding classroom issues, homework and individual grades, please contact the teacher.
3. For questions concerning schedules, M-STEP, standardized testing, social, and personal issues, tutoring and student evaluations for special education, please contact the **counseling office**.
4. For other questions and concerns, please call the main office.

1.3 PARENT TEAM

An active and supportive parent team exists at our Middle Schools. All parents are welcome to attend meetings which are held monthly. Please see the school calendar or follow instructions under Section 1.2 for dates and times of meetings.

1.4 PARENT-TEACHER CONFERENCES

Conferences are held twice during the year. Parents are encouraged to attend these sessions to gain and share information which will benefit their child. Dates and times will be published.

1.5 VOICE MAIL AND EMAIL

Before and after school hours, the middle school is automatically connected to voice mail. During the day, you must call the main number and ask to be connected to the voice mail system.

1.6 ANNUAL REPORT

As part of our continued school improvement effort, an annual report is published at the conclusion of the school year. The report offers a reflection of school life related to curriculum achievements, attendance, test scores, parent involvement and accreditation status. The Annual Report is available each fall at our Curriculum Night. We invite you to read our report and welcome your reactions.

2.0 ACADEMICS AND CO-CURRICULAR PROGRAMS

2.1 CURRICULUM

GRADE 8: All eighth graders take STAR, Language Arts, Science, American History, Math, and Computer Literacy (1 semester). In addition, students will be able to take one year-long and a semester-long course or three semester-long courses.

2.1.1 SEXUALITY EDUCATION

The Lake Orion Community Schools Board of Education has established a program of instruction, which includes sexuality education, HIV/ AIDS and other serious communicable disease prevention education. An outline for the units of study in each of the above content area(s) can be obtained from your students' school.

According to Michigan law, you have the right to review the materials and curriculum content to be used in sexuality education, HIV/AIDS and other serious communicable disease prevention education. The local board of education, in compliance with the statute, has made the materials and curriculum guides available for your review. If you wish to review the materials or curriculum content, please contact the schools where your child attends to arrange a time for your review. You also have the right to observe instruction in your child's classroom. If you wish to do this, please call the school to make arrangements.

This statute allows you to excuse your child from participation in the classes that include sexuality education, HIV/AIDS and other serious communicable disease prevention education if you choose. If you wish to exercise your right to excuse your child from instruction without penalty, please send a written notice signed to the principal of your child's school.

2.1.2 Instructional Materials

Parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal. The term instructional material means instructional content that is provided to a student, regardless of its format, including printed and representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

2.2 SCHEDULES

Students may not make changes in their current schedule without consent of their counselor and parent/guardian. No schedule changes will be made the first week of school. All schedule changes **must** be made by the end of the third week of school. Changes will only be made when the following conditions exist:

1. Incomplete schedules.
2. Class duplication on schedule.
3. Class for which student does not have a teacher recommendation or prerequisite.
4. Computer error(s).
5. Doctor's recommendation.
6. Emergencies (as determined by school officials).

2.3 STUDENT PLANNER

Student planners are provided to all students at the beginning of the school year. Replacement copies may be purchased for \$5.00 from the Counseling Office. Students will be instructed in the use of the student planner and are required to carry them to each class.

2.4 HOMEWORK AND ASSIGNMENTS

We believe that a parent's involvement and encouragement with his/her child's homework is an important aspect of academic success. Expect your child to have homework regularly.

- Daily homework assignments should represent reasonable effort on the part of the student.
- The copying of someone else's work is never permitted.
- A quiz or test should represent the student's own work and must be completed during the testing period.
- Plagiarism, or the use of purchased or borrowed materials or documents, is prohibited. The basic guideline is that a student turns in his/her own work.
- Students are prohibited from gaining unauthorized access to test materials or providing unauthorized materials to others.

Suggestions for successful completion of homework:

Students:

1. Use the student planner provided by school.
2. Complete assignments on time.
3. Ask for clarification and assistance.
4. Secure all resources and materials necessary for the assignment.
5. Make arrangements to make up missing assignments.
6. Do your best at all times!

Parents/Guardians:

1. Encourage use of the student planner and periodically review its contents.
2. Provide a well-lighted study environment free from distraction.
3. Work with your student to set a regular time for doing homework assignments.
4. Assist your student as needed with materials.
5. Reinforce that homework is the responsibility of your child.
6. Communicate questions or concerns to the teachers.
7. Take an active interest in your child's endeavors and provide encouragement and praise.

2.5 GRADING

2.5.1 GRADING STANDARD GUIDELINES

The following GRADING STANDARD GUIDELINES have been developed for the purpose of evaluating student progress in a consistent manner within the district. Teachers develop personal grading scales within the guidelines listed below.

Percentage, Grade and GPA					
Percentage	Grade	GPA	Percentage	Grade	GPA
94 – 100	A	4.0	73 – 76	C	2.0
90 - 93	A-	3.7	70 - 72	C-	1.7

80 – 82	B-	2.7	60 - 62	D-	.7
77 - 79	C+	2.3	0 - 59	E	0

Due to the nature of some classes, the above guidelines may not be applicable. Such cases are to be brought to the attention of the building principal, who, along with the teacher, shall arrive at the appropriate grade.

2.5.2 INCOMPLETE GRADES

In the event of extenuating circumstances, a student, at the discretion of the teacher, may be assigned an "I" (incomplete) as a temporary marking period grade. All overdue work must be completed within the first two (2) weeks of the next marking period. If the work is not completed, the student's grade for those incomplete assignments(s) will become an "E." At that point, a new marking period grade will be determined by the teacher.

2.5.3 ACADEMIC UPDATES

At the midpoint of each marking period, parent(s)/guardian(s) of students who are in danger of failing will be notified. Any questions concerning the student's successful completion of the course should be discussed with the teacher.

2.5.4 REPORT CARDS

Report cards are issued within one week after the end of each marking period.

The final examinations for students taking a class for high school credit (high school World Language or Algebra I) will account for 20% of a student's final grade.

2.6 PROMOTION POLICY

Lake Orion Community Schools recognizes that the educational, social, personal, and physical growth of young adolescents will vary and that they should be placed in the educational setting most appropriate for their needs. The professional staff should make every reasonable effort to identify and assist the student to remediate his/her difficulties, and to communicate concerns with his/her parents.

Promotion and retention of a student shall be determined by each student's academic achievement, with consideration being given to social development, maturation, and attendance.

For a middle school student to be promoted to the next grade, the student must:

8th Grade:

- Earn 18 or more of 24 passing quarter grades for the year minimally including:
 1. a passing grade for at least 3 of 4 quarters in each core class
 2. a passing grade for at least 6 of 8 quarters in non-core classes

Core Classes = Math, Social Studies, Science, and Language Arts

6th and 7th Grade:

- Earn 18 or more out of 24 passing quarter grades for the year minimally including:
 1. a passing grade for at least 3 of 4 quarters in each core class
 2. a passing grade for at least 6 of 8 quarters in non-core classes

Core Classes = 4 quarters of math, 4 quarters of science, 4 quarters of social studies and 4 quarters of language arts.

Promotion/Retention Procedures:

Students who do not meet the standards of the promotion policy will be evaluated for retention or other intervention strategies. A remediation plan will be developed.

Evaluation Process:

Team teachers and the student's counselors will evaluate and make a recommendation to the school administrator based on a standardized evaluation tool and questionnaire. The administrator will then decide upon an intervention plan, and counselors will present the plan to parents/guardians.

The principal may also waive the above requirements.

Appeal Procedures:

When a student is retained, the student's parent/guardian may appeal the retention in writing within ten (10) days of the last day of the school year. Said appeal must be made to the building principal. If the principal's decision is considered unsatisfactory by the parent/guardian, they may appeal to the Assistant Superintendent for Curriculum and Instruction. Said appeal must be made in writing and within ten (10) days following the decision by the principal.

2.7 ACADEMIC STANDARDS

Academic misconduct is defined as inappropriate student action concerning academic requirements. This may include cheating, plagiarism, illegal copying, or other behavior which does not represent the student's own work. Academic misconduct includes work-related assignments completed both in and out of the classroom.

Students who violate the academic misconduct policy will be subject to disciplinary action by the building administrator and/or teacher. This action will be discretionary and may result in suspension.

2.8 HONOR ROLL

Academic success is a goal that we hope every student will strive to achieve. Those students who attain a high level of achievement will be placed on the Honor Roll. To be eligible for the Honor Roll, a student must have a 3.2 GPA on his/her report card. The Honor Roll will be determined for each marking period, published, and displayed prominently in the building. To be eligible for the honor roll all year, a student must have a cumulative 3.2 for the first 3 marking periods.

2.9 FIELD TRIPS

The Board of Education recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Properly planned and executed field trips should:

- a. Supplement and enrich classroom procedures by providing learning experiences in an environment outside the schools.
- b. Arouse new interests among students.
- c. Help students relate school experiences to the reality of the world outside of school.
- d. Bring the resources of the community – natural, artistic, industrial, commercial, governmental, educational – within the student’s learning experience.
- e. Afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from building premises, which is under the supervision of a professional staff member and an integral part of a course of study. Excursions to other District facilities for educational experiences are not considered field trips (nature center, pool).

Other District-sponsored trips shall be defined as any planned, student-travel activity which is approved as part of the District's total educational program.

All Non-District employees shall be subject to a background check prior to chaperoning a field trip. Approval will be granted on a yearly basis.

The Superintendent shall approve all field trips. All out-of-state trips require Board approval.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the District who takes students on trips not approved by the Superintendent. No staff member may solicit students of this District for such trips within the facilities or on the school grounds of the District without permission from the Superintendent. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the District's Administrative Guidelines for Extended Trips.

2.10 EXTRACURRICULAR ACTIVITIES

2.101 ATHLETICS

Several extracurricular activities and programs are offered to middle school students. They include athletics, clubs, intramural and instructional programs.

A Message to Students and Parents:

The Lake Orion Community School District supports the educational development of its students through athletics. It also recognizes that an organized, properly controlled program of athletics provides an additional avenue for self-expression, mental development and physical growth. Such programs also foster an understanding of the rigors of competition. Because Lake Orion athletes represent not only themselves but also their school and community, it is intended that they follow the rules and regulations contained in this code not only during their season(s) of competition, but at all times. Remember, participation in athletics is a privilege not a right. Those who fail to abide continuously by this code will be held accountable for their actions.

- Understand that drinking, smoking and the use of illegal drugs are harmful to the body and hinder maximum performance. Thus, he/she agrees to refrain from the use and/or possession and distribution of such substances.
- Give sufficient energy to their studies as to ensure acceptable grades. In addition, they give full attention to classroom activities and show respect to other students and faculty.
- Maintain good attendance and are not truant from classes or school.
- Display proper conduct at all times.
- Realize that losing is part of the game and remain humble in defeat and modest in victory.
- Does not employ illegal tactics to gain undeserved advantage.
- Refrain from the use of profanity.
- Realize that officials do not lose games. Their purpose is to ensure fair play. For this, they must receive every courtesy.
- Work for the betterment of the school and what is right and good for fellow students.
- Support other athletic teams and makes an effort to attend other school activities.
- Obey the specific training and practice rules set forth by the coach.
- Care for all athletic equipment as though it were his/her own personal property.
- Appear neat and well groomed at all times.
- Do not let employment interfere with regular practice sessions or games.
- Appreciate the importance of proper rest, diet and exercise.
- Practice healthful habits of cleanliness and personal hygiene.

** It is expected that Lake Orion student-athletes will not display any conduct considered detrimental to the best interest of the school and/or community. Such displays may result in an immediate expulsion from the athletic program. All such reported incidents will be reviewed by the **District Athletic Director** (or Middle School building director), the affected **coach(es)**, and **principal or designee**, before possible reinstatement to the athletic program will be considered.*

Athletes are also excused from team practices during regularly scheduled school vacation periods or when taking part in school sponsored or family trips.

Failure to Comply:

An athlete who fails to attend a regularly scheduled practice session during the competition season as the result of an unexcused absence will be withheld from participating in the next contest. If a third unexcused absence occurs, the participant will be excluded from team membership for the balance of that sport's season.

D. Team Travel

When two-way transportation is provided, any student traveling to an away contest as a member of a team on school owned vehicles, chartered modes of transportation or other approved transportation shall return to the home school on the same vehicle after the contest is over.

Fighting by a student-athlete is unacceptable behavior.

Failure to Comply:

Any athlete involved in a fight during or after a contest, in school or away from school will be suspended from participation in athletics until circumstances are reviewed by the athletic department. The **athletic director, athlete, parent or guardian, affected coach(es) and principal or designee** shall meet to review the circumstances and make a decision as to the length of suspension.

I. Suspension from School

Athletes suspended from school will not attend practices or games during the suspension period.

Failure to Comply:

Athletes found in violation of this provision may request a review of circumstances and the **athletic director, affected coaches and principal or designee** will make a decision as to the length of suspension.

J. Attendance at Contests

It is expected that a student athlete who joins a team has the obligation to attend all regularly scheduled contests (league, district, regional, or state).

Failure to Comply:

An athlete who fails to participate without a prearranged excuse will be excused from the team for the remainder of the season and any awards earned will not be received; i.e., school letters, all league and special awards.

K. Stealing

Any athlete found stealing school or the personal property of others will face disciplinary action.

Failure to Comply:

This will result in a suspension from school and a suspension from athletics up to and including the remainder of the season. Athletes must also appear before an appeals committee before reinstatement into the athletic program.

L. Length of Season

As soon as a potential student athlete declares that he/she intends to be a part of a team, or if he/she has been a team member the previous year, they must conduct themselves in accordance with all rules and regulations, as stated in this code for 12 consecutive months.

A student athlete's season will be over after he/she competes in his/her last scheduled competition, and until coach releases athlete from attending practices.

Any potential student athlete found in violation of any sections of this code will be subject to a punishment deemed necessary by an appeals committee. The punishment will be in accordance with the severity of the case and the number of instances.

SECTION II

All Michigan High School Athletic Association Eligibility requirements must also be met in order for participation in Lake Orion Schools' athletic program which includes all middle school athletics.

ELIGIBILITY FOR PARTICIPATION

A. Enrollment

The student must be enrolled in the school for which he/she competes by the Wednesday of the fourth week of the semester in which he/she competes or must move into the school district with his/her parents or guardian with whom he/she last lived during the current school year. The student must reside in the school service area in which he/she attends school unless he/she has received prior district and MHSAA approval to compete in a different school.

B. Age

A student who competes in any high school interscholastic athletic contest must be under nineteen (19) years of age. If a student becomes nineteen on or after September 1, of the current school year, he/she is eligible for participation for the balance of the school year.

A seventh grade student competing in an athletic program must be under fourteen (14) years of age. An eighth grade student competing in an athletic program must be under

fifteen (15) years of age. A student, who reaches that age after September 1, is allowed to participate for the balance of the school year.

C. Physical Examination

Each student athlete must have a physical examination by a physician certifying that the student is physically able to compete in athletics. This physical must take place on **April 15** or later in order to be valid for the current school year. **A student shall not participate in any practice sessions or athletic contests until a complete physical examination form has been turned into the athletic director's office.**

If there is a question at any time as to the fitness of the athlete to continue to perform on a team, the school will require another physical examination and the parents' written approval for their son/daughter to participate.

D. Insurance Waiver

The student must submit to the athletic office an insurance waiver form or purchase the school insurance prior to participating in any athletic practice sessions or contests. A family who provides satisfactory evidence of an inability to pay the premium amount will not be required to do so.

E. Academic Eligibility

To be academically eligible to participate in the athletic program, a student must be currently passing **all six (6) classes (middle school).**

Each week, on Thursday, the athlete must deliver to each classroom teacher an eligibility card to receive a cumulative grade during the marking period. The top copy will be submitted to the coach by Friday for students to be eligible for competition the following week.

Middle school students will also be given a conduct grade. If the student receives 2 fours or 1 five during the week, he/she is ineligible for the following week. **It is the student-athlete's responsibility to turn in his/her weekly eligibility updates on conduct performance.**

If a student is failing one (1) or more classes or has two (2) D's, the student will not be eligible to compete in any athletic contest(s) for the following week. Students may participate in practice for an athletic program if a meeting takes place with the Athletic Director and the student also shows evidence of attempted remediation through tutoring or participation in a study table. If after the third time an E or two D's occur, and there is not evidence of attempted remediation through tutoring or participation in a study table, the student will not be eligible to participate in contests for the remainder of that season.

Failure to Comply:

Any participant who fails to meet academic regulations will not be able to compete for one week, not to exceed 10% of the season. Athlete must miss contests in the beginning of week.

F. Written Consent

Both the student and parent must sign the student commitment form and return it to the main office where it will be kept on file. The student will not be permitted to participate until this form is returned.

SECTION III

MAINTAINING AMATEUR STATUS

A. Student participating in athletics or planning to do so in his/her school career will not:

- (1) Accept any money for participating in athletics, sports or games.
- (2) Receive money or other valuable consideration for officiating in interscholastic athletic contests.
- (3) Sign a contract with a professional sport team.

B. The above rule shall apply to the following sports: baseball, basketball, bowling, cheerleading, cross-country, football, golf, ice hockey, skiing, soccer, softball, swimming, tennis, track, volleyball and wrestling.

Failure to Comply:

A student violating this section shall be declared ineligible for athletic participation for the remainder of the season, or up to one school year depending on the violation.

SECTION IV

A student alleged to have violated any provision of this code shall be advised of the violation by an appropriate administrator. The administrator shall provide the student an opportunity to explain or rebut the charges and after interviewing any witnesses, shall render a decision. If the infraction is verified and the code speaks directly to the penalty – no appeal will be heard at the school level.

FOLLOWING ARE THE STEPS TO BE FOLLOWED IN THE EVENT OF AN APPEAL

A participant deemed in violation of the code may appeal any such decision by:

1. Submitting a written request to the building athletic director. (Parents will have been notified of the violation prior to the date of hearing in compliance with the Lake Orion School District's Student Code of Conduct).
2. As soon as possible from date of receiving such request, a hearing will be held. A committee consisting of the building principal or designee, the athletic director, two (2) members of the coaching staff not involved with the student, and a faculty member will be designated to hear the appeal.
3. All parties including the affected coach and the student involved in the incident will be given an opportunity to be heard and to present relevant information related to the matter.
4. The appeal committee will make final determination of the appeal based on their fact finding of in accordance with the Code of Conduct for Student Athletes. The student athlete, his/her coach, and the athlete's parents will be advised in writing of such determination.

Having followed this procedure, should the student and/or parent not be in agreement with the decision, it may be appealed to the superintendent and subsequently to the board of education.

2.102 PAY TO PARTICIPATE

As a result of decreased state funding, Lake Orion Community Schools has adopted a pay to participate program for athletics to help underwrite the increasing cost to operate programs for students.

Under this program, a high school athlete will be assessed a fee of \$300, while middle school athletes will pay \$250. **This is a one-time fee and covers the entire school year.** It allows students to participate in one or more athletic seasons. In addition, there is a maximum fee of \$675 per family for all in-district athletics. Payment of the fee will not be due until one week after the team has been selected. There is no fee to try-out for any team.

In an effort to promote accurate recordkeeping, an athlete may not participate in a scrimmage or contest until a “pay to participate contract” is completed and the fee has been paid. Contracts will not be accepted unless the signatures of both the parent and athlete are affixed to the document. Checks and money orders made payable to Lake Orion Community Schools are the only acceptable methods of payment. Regrettably, credit cards and cash will not be accepted.

A reduction in the pay to participate fee for athletics is available to students and parents with financial hardship. In order to be considered for these reductions, interested parties must apply in writing to:

**Athletic Director
c/o Lake Orion High School
495 E. Scripps Road
Lake Orion, MI 48360**

All requests will remain confidential.

Please understand that this participation fee does not guarantee playing time for athletes. Nor does it imply that the fee payer will have influence on any matters relative to the function of the athletic department. Student athletes will continue to follow the Lake Orion Athletic Code and Michigan High School Athletic Association guidelines and regulations with regards to eligibility. A minimum number of participants are necessary for programs to be sustained.

Only in the event that an athlete suffers a season-ending injury prior to the mid-point of the “first season of competition,” will a refund be considered. Requests for refunds should be made in writing to the Athletic Director and be accompanied by a letter from the authorizing physician.

2.103 SPECTATORS

Spectators at athletic events as well as players reflect the character of the school. Generally, a school is rated on the basis of the way its spectators behave. The following points should guide student actions at athletic events:

1. Cheer good plays and display good sportsmanship.
2. Be considerate of other spectators and team participants.
3. Cooperate with the cheerleaders.
4. Refrain from booing and rude remarks. Discourage others from doing the same.
5. Support your team whether they are winning or losing. Let them know that you are always proud of them.
6. All school policies are in effect while you are attending any athletic event whether the activity takes place on school property or elsewhere.

2.104 DANCES/FRIENDS AND FUN NIGHTS

Dances are scheduled throughout the school year and are for students of the middle school where the student attends only. The following regulations will apply at all dances and Friends and Fun Nights:

1. Hours for the events are approved by the administration.
2. **STUDENTS WILL NOT BE READMITTED AFTER THEY LEAVE THE DANCE.**
Students should plan to arrive at the start of the activity or event.
3. Students may be released early upon parent request and an administrator's approval.
4. Students must be currently enrolled at the middle school where the dance is to be held to be admitted to the event. Student ID cards may be requested for entry.
5. Appropriate dress is required.
6. Administrators may prohibit a student(s) from attending an event for violation of school rules.
7. Chaperones or school administrators may remove any person from the activities for violating any policy/rule. All Lake Orion Board of Education policies and middle school rules are in effect for the events.
8. The cost of admission to the event is determined by the sponsor.
9. Students must be in attendance all day on the day of the event.
10. Any exception to the above rules must be approved by the administrators.

3.0 ATTENDANCE

3.1 PHILOSOPHY

Attendance is the primary responsibility of parent(s)/guardian(s) and students, with students accepting more responsibility for themselves and their actions as they grow older. Education is the primary responsibility of schools. The educational process concerns itself directly with critical thinking and the sharing of ideas, facts, and concepts. Another important component deals with the attainment of habits which will be beneficial to the individual student for the duration of his/her life. Therefore, the school views regular attendance as crucial and willingly works with parents/guardians and students to foster prompt, regular attendance.

3.2 POLICY

Regular school attendance is consistent with the provisions of Michigan law and policies of the State Board of Education. Research has shown attendance correlates highly with academic achievement and helps develop personal responsibility. Extensive absenteeism keeps a student from taking full advantage of educational opportunities. Excessive

absenteeism is not only detrimental to the absent student but also disrupts the education of those students who regularly attend class. Every student has the opportunity to contribute to the total learning process of all persons in the classroom. The process by which we learn how others think and what they believe is lost to the student who is excessively absent, and he/she in turn deprives others of the value of his/her own contributions. Additionally, research has shown a direct correlation between absenteeism and a high probability of eventual school drop-out.

The following definitions and guidelines have been developed in an endeavor to foster positive personal attendance habits on the part of students and to encourage a positive, cooperative attitude on the part of parents/guardians towards the importance of regular school attendance.

NOTE: Due to differences in programs, student age and maturity, attendance regulations will vary from kindergarten through grade twelve. Specific school building administrators will make this information available to parents/guardians at the beginning of each school year and will ensure the maintenance of accurate attendance records and communication with parents/guardians regarding attendance problems by phone or letter. **The school will mail a letter regarding attendance at the beginning of any month if a student has reached 10, 20 or 30 days absent during the school year. This letter is mailed regardless of the reason the student has been absent (vacation, illness, etc.) and excused or unexcused absences.**

Excessive attendance issues may be referred to the Oakland County Truancy Officer.

Advanced assignments may be requested by the student/parent/guardian through the counseling office. Teachers may stipulate that assignments be completed following the absence. Please allow three (3) to five (5) days notice for your request to be processed.

No student should leave the building without permission from the main office or the counseling office personnel.

3.6 TARDINESS

3.61 TARDINESS - LATE ARRIVALS

Part of the responsibility a student assumes with more maturity involves not only regular attendance, but also prompt attendance. Students are expected to arrive at scheduled classes/activities on time.

Students arriving late to school **MUST** report to the main office immediately. The main office must receive notification from the parent(s)/guardian(s) to excuse the tardy.

Students who have received three (3) or more unexcused tardies to school or class in a marking period will be subject to progressive discipline. This may include parent(s)/guardian(s) contact, parent(s)/guardian(s) conferences, detention, and/or suspension from school.

4.0 STUDENT CONDUCT

4.1 GENERAL INFORMATION

Students are expected to behave properly at all times. Any misbehavior that is disruptive to the instructional atmosphere or school operation will justify disciplinary action. Students are responsible for their own behavior and are expected to demonstrate respect for the rules, fellow students, teachers, administration, and staff.

4.2 CONFLICT RESOLUTION

Conflict resolution is a voluntary process which helps students reach mutually agreed upon, workable solutions. It does not replace disciplinary action or deal with problems that are in violation of school rules.

Students may refer themselves or others for mediation by signing up in the counseling office. Students may also be referred by teachers, counselors, or administrators.

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or Assistant Principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report. The Principal (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a

complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Prevention/Training

The Superintendent shall establish a program or other initiatives involving school staff, students, clubs or other student groups, administrators, volunteers, parents, law enforcement, community members, and other stakeholders, aimed at the prevention of bullying or other aggressive behavior.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

- **"Aggressive behavior"** is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.
- **"At School"** is defined as in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the District.
- **"Bullying"** is defined as any situation in which a person or group repeatedly and on purpose does or says mean and harmful things to another person who has a hard time defending him or herself. This may include gestures or a written, verbal, graphic, or physical act (including electronically transmitted acts i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to cause harm.

Three key components of bullying behavior are:

- An aggressive, negative behavior
- Involves a pattern or is repeated over time
- Imbalance of power

Bullying behavior that is likely to harm one or more students either directly or indirectly includes:

- A. Substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;

- B. Adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. Having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

Direct:

- A. Physical hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal taunting, malicious teasing, insulting, name calling, making threats.

Indirect:

- C. Psychological spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

- **"Harassment"** includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).
- **"Sexual Harassment"** includes, but is not limited to, any act which subjects an individual or group to verbal harassment or abuse, subtle pressure for sexual activity, persistent remarks about another person's body, physical touching assault, or sexually suggestive objects or pictures, graphic commentaries, suggestive or insulting sounds, whistling and obscene gestures.
- **"Intimidation/Menacing"** includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.
- **"Hazing"** includes, but is not limited to, any willful act committed individually or in concert with others for the purpose of subjecting a person to humiliation, intimidation, physical abuse, threats of abuse, ostracism, shame, or disgrace, as a rite of passage to join a group. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen this prohibition.
- **"Staff"** includes all school employees and Board members.
- **"Third parties"** include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and

others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

It is a general policy that all technology is to be used in a responsible, efficient, ethical and legal manner. It is at the discretion of the staff member as to when the technology may be used during the school day. Failure to adhere to the policy may result in the loss of technology privileges.

Students bringing their own technology devices must adhere to the Technology Resources and Personal Technology Devices Acceptable Use Agreement and its procedures. This form, which grants permission for students to bring their devices into school, must be on file, approved and in the office prior to bringing the device to school. In the event permission is given, the school assumes no responsibility if the item is lost, stolen, corrupted and/or damaged.

The school Principal may grant permission for students to ride a different bus or use a different stop. Such permission may be granted only after the Principal receives an appropriate written request from the parent/guardian for a specified period of time subject to the following conditions and limitations:

- a. The requested change must not result in overcrowding of any bus, alteration of any regular bus route, bus stop, or time schedule, or in any way interfere with the regular operation of the transportation system.
- b. **Emergency and/or unusual reasons may be approved by the Principal.**
- c. To assure no over loads, we do not allow students to bring home friends (either from another bus run or from a non-busing area) for parties, scouts, homework, etc.). It is the parents' responsibility for this type of transportation.

In cases of severe misconduct, steps 1 and/or 2 may be omitted at the discretion of the building Principal.

Penalties are always assigned by a building administrator on evidence presented by the bus driver or other adult. Due process under the code of conduct will be followed. On occasion, a bus may return to the building because of misbehavior that endangers the students on the bus. In that event, students will be removed from the bus if they are identified by the driver as

seriously causing such a distraction as to endanger others. Parents will be expected to pick up these students at school and transport them home.

6.2 BUS STOP SUPERVISION

School oversight/authority begins when a student enters a bus and is relinquished when a student exits a bus. Students are the responsibility of their parents/guardians, to, from, and at the bus stop.

6.3 WALKERS

Those students who live near the school and have their parents' permission, may walk to and from school. Those students who do walk are asked to use public walkways and roadways, not private property.

6.4 BIKES

Please park your bike in the bicycle rack, and always lock it to the rack. You are responsible for your bike and belongings. Bike riders are to wait at the bike rack at the end of the day until all buses have left the area before they start for home. Proceed with caution when riding!

7.0 SCHOOL FACILITIES

7.1 COUNSELING OFFICE

The school counselors are available to help each student attain his/her full academic potential and to make any necessary adjustments to situations which may interfere with that development. In addition, students are encouraged to meet with their counselor to work on personal or social difficulties, to assist in decision-making, exploration of career and vocational options, or scheduling needs. To meet with a counselor, students should stop in the counseling office and sign up for an appointment.

7.1.1 STUDENT RECORDS

Most student records are maintained in the counseling office. They include:

1. Cumulative academic records
2. Current report cards
3. Regularly updated immunization records

7.1.2 STUDENT EMERGENCY CARDS

In order to assure quick contact with parent(s)/guardian(s) in the case of a student emergency, please complete, sign, and return your child's emergency card.

It is also essential that you update the counseling office if you have a change of address, name, work or home phone number, or emergency contact persons. Please do so for the welfare of your child.

7.1.3 MEDICATION

It is the policy of Lake Orion Community Schools to cooperate with parents to dispense medication that has been *prescribed by your doctor* during the school day. Appropriate precautions regarding medication are taken at the school and the information is considered a confidential matter.

Before the school principal or his/her designee can administer medication – either prescription or over the counter medication – an authorization form must be on file at the school. The authorization form must be signed by the parent and the doctor listing the name of the child, what medication is being taken, the purpose of the medication, the proper dosage, dates the medication is to be taken, and any possible reactions.

All medication is kept locked in the office and must be in the container issued by a registered pharmacist. Over the counter medication must be in the original container. Medication cannot be sent to school with your child. A parent or guardian must bring it to the office.

The exception to this policy is medication for such occurrences as bee sting allergic reactions or asthma inhalers where the problem must be treated immediately. In cases such as this, parents must provide instructions in writing to be kept on file in the counseling office.

The school **will not** provide aspirin or aspirin substitutes to the students and cannot administer without written authorization from the doctor.

7.1.4 HEALTH CONCERNS

The health of our students is a serious concern. Students need to continue healthy nutrition during these active, growing years. Physical fitness, cleanliness, nutrition, and adequate sleep can help students increase their opportunities to achieve academically.

Emergency Cards: It is essential the school be informed of any health conditions which could create a health risk to your child while attending school. Please include allergies and all medical concerns, i.e. diabetic, epilepsy, asthma. Please update this information if you have a change in address, home phone number, emergency contact person, or concerns of a medical need.

If a student becomes ill/injured during the school day they must report to the counseling office. School personnel will contact parents/guardians. In life threatening instances 911 will be contacted.

7.1.5 IMMUNIZATION

Each student is required to have a current immunization record on file with the school. Immunizations required include: tetanus/diphtheria, polio, measles, rubella, and mumps. The Michigan Department of Public Health has changed the immunization requirements for enrolling students.

The changes include these required immunizations:

1. A second dose of MMR (measles, mumps and rubella).
2. A TD (tetanus/diphtheria) booster every ten (10) years. In the past the Oakland County Health Division has recommended this booster. It is

- now REQUIRED for all students entering a new school district.
3. Three doses of hepatitis B.
 4. One dose of varicella (chicken pox) or a history of the disease.
 5. One dose of meningococcal (MCV4 or MPSV4) vaccine (for all incoming 6th grade students and all children changing school districts)

Students who do not comply will be excluded from school. New enrollees may NOT start school until immunization records are up to date.

7.2 MEDIA CENTER

The Media Center is designed to provide all students with additional materials to enhance classroom learning and individual growth. In order to assure the fair use of materials for all students, a fine will be assessed to a student on a per-day basis for materials kept longer than the regular check out period. Students who lose or damage any Media Center materials will be charged a fee for repair or replacement of those materials.

Student behavior in the Media Center is expected to be consistent with that of an individual classroom. Inappropriate behavior in the Media Center may result in exclusion from a special activity or other disciplinary action.

7.3 LOST AND FOUND

Anything found in or around the building should be turned into the office. Inquiries pertaining to these items should be made as soon as possible after an item is noticed to be missing. Items in the lost and found will be held until the end of the current semester, at which time they will be donated to charity.

8.0 GENERAL INFORMATION

8.1 LOCKERS

Lockers are assigned to students at the beginning of the school year. It is very important for students to keep their locker combinations confidential. Valuable items kept in student lockers are the responsibility of the students and not the school. Locker visits should be planned for passing times. There is a maximum of two people assigned to each locker.

It is recognized that students possess the right to privacy as well as freedom from unreasonable search and seizure. However, lockers are the property of the school district, and the administration reserves the right to search a student's locker when suspicion arises that an illegal, dangerous or disruptive item or substance may be concealed there.

The following rules pertain to the use of lockers:

1. Lockers should be kept locked and clean at all times.
2. Students may NOT change lockers without permission from the administration. Permission is granted only in cases of emergencies.
3. Students will be issued a locker number and combination.
4. The administration, with reasonable suspicion, has the right to open and inspect the contents of lockers (see Search and Seizure, Sec. 8.2).
5. Students in physical education classes should lock their belongings in the lockers provided.

6. Damage to the lockers will be charged to the students assigned to the locker.

8.2 SEARCH AND SEIZURE

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, and desks under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search. Student lockers and desks are school property and remain at all times under the control of the school district; however, students are expected to assume full responsibility for the security of their lockers and desks. Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Periodic general inspections of lockers and desks may be conducted by school authorities for any reason at any time without notice, without student consent, and without a search warrant.

Illegal items (firearms, weapons, etc.) or other items reasonably determined to be a threat to the safety or security of the student or others may be seized by school authorities. Items which are used to disrupt or interfere with the operation of the school may be temporarily removed from student possession. Search of persons or clothing shall be done only with good reason by the school principal or his/her designee with a witness present. The student will have the right to know the reason prior to the search of person or clothing.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action. A student's person and/or personal effects (i.e. purse, book bag, athletic bag) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

8.3 HALL PASSES

Students are required to have their student planner pass page any time they are out of class during the class period and at any time they report to the counseling or general office. Students should ask their teacher for permission before leaving the classroom.

8.4 TELEPHONES

Office Phone: During the school day, students may request to use the office phones to contact their parent(s)/guardian(s).

8.5 VISITORS

All visitors are required to check in at the main office and show identification. Please help us maintain a safe and secure school by following this request.

Interested parents and community members are welcome to visit the building and meet with administrators and teachers. Appointments are encouraged whenever possible.

Student visitors may not attend school with Lake Orion students.

8.6 BOOKS, SUPPLIES AND FINES

Textbooks and workbooks are provided by the school district. These are issued by the classroom teachers and are collected at the end of the course. Parents/guardians and the students should check each textbook at the beginning of the school year and may discuss the condition of the book with his/her teacher. Students will be fined for lost or damaged books. Unpaid fines may result in a student being excluded from certain activities. Due to limitations of funding and supplies, additional book requests are at the discretion of building administration.

8.7 NON-SCHOOL MATERIALS

Any materials that are not normally associated with school needs should not be brought to school. Should students choose to bring technology devices, they must follow the guidelines for district owned material as set forth in the student technology contract as well as the “Bring Your Own Technology Guidelines.” Violation of technology guidelines or possession of materials not normally associated with school needs may be confiscated and held for return to the parent/guardian.

8.8 EMERGENCY SCHOOL CLOSING

Occasionally it is necessary to close school when conditions exist that are detrimental to the health or safety of students and staff. This decision to close schools is made by the superintendent. For the latest information on school closings and emergency events as they happen, check:

- School Messenger
- Channel 22 on AT& T Cable
- Lake Orion Community Schools website – www.lakeorion.k12.mi.us
- Radio Stations – 760 WWJ & 950 WJR
- TV Stations – Channel 2, 4, 7 & 50

We will attempt not to send students home after school has started. However, on rare occasions it may become necessary to dismiss school early. Parent(s)/guardian(s) should discuss the possibility of early dismissal with their son/daughter and make sure he/she knows where to go when the parent(s)/guardian(s) are not at home.

8.9 MISCELLANEOUS

8.9.1 MOVING

Please contact the counseling office at the middle school when it is known that your student will be transferring to another school. Further details will be given to you at that time.

8.9.2 WORK PERMITS/APPLICATIONS

Application for working permits are available in the counseling office. Students must obtain an application for working permits for every new job. Working permits are issued to students between the ages of fourteen (14) and seventeen (17). A student does not make an application for a working permit until he/she has secured a job. Once completed these applications are to be taken to the Community Education Office where the working permit will be issued.

8.9.3 FUND-RAISING ACTIVITIES

9.2 CODE OF CONDUCT CORRECTIVE ACTION

Reasonable effort will be made by the student, parent(s)/guardian(s), and staff to solve student conduct problems within the school setting. This may include, but need not be limited to: reprimands; parent notification; confiscation of items; counseling; work projects, parent(s)/guardian(s) conferences at school; restriction or removal from activities or services by exclusion, suspension or expulsion; limited attendance; referral assistance and detention.

Resource personnel available to help resolve misconduct problems include parent(s)/guardian(s), teachers, counselors, administrators, social workers, school and county health services, school diagnosticians, extended education, family or social services agencies, police departments and courts.

If it is the principal's judgment that the corrective action should take the form of separating the student from the school environment, the following categories of exclusion, suspension, and expulsion exist:

1. **Exclusion from Class/Activity:** Separating a student from a school/class/activity for a limited amount of time but within the school setting.
2. **Suspension:**
 - a. Short Term: The separation of a student from school for any part of a day for any number of days up to and including ten (10) days. This may be used at the discretion of the principal or assistant principal.
 - b. Long Term: The separation of a student from school for a period of more than ten (10) days and less than one (1) semester. This action may be taken by the Board of

Education upon the recommendation of the principal and the superintendent of schools, after a hearing has been conducted.

- 3. Expulsion:** The separation of a student from school for a semester or more. This action may be taken by the Board of Education upon the recommendation of the principal and the superintendent of schools, after a hearing has been conducted.

Students who are suspended from school have certain responsibilities. It is important that they continue their studies at home. Although credit for daily assignments will be withheld, knowledge gained during the separation period may be very helpful upon returning to classes.

9.3 K-12 SUBSTANCE ABUSE POLICY

No student shall possess, use, transmit, conspire to transmit or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid, or any beverage or fortified wine or other intoxicating liquor, or possess, use or transmit or be under the influence of any other chemicals or products with the intention of bringing about a state of exhilaration or euphoria or of otherwise altering the student's mood or behavior.

This policy shall not apply to the proper possession of any of the above-listed substances in connection with an approved school project.

The consumption and/or possession of any alcoholic beverage or alcoholic look-alike beverage and/or a controlled substance in any district building, on district and school grounds or at any school or district-sponsored activity is prohibited. Violation of this policy may result in disciplinary and/or legal action.

Alcoholic look-alike beverages are those advertised and marketed as nonalcoholic, but which come under the control of the state liquor commission.

Any student who chooses to consume alcohol and/or controlled substances prior to entering school property and/or a school sponsored event OR any possession and/or consumption of alcohol and/or a controlled substance, paraphernalia and/or facsimile of the above, by a student while on school property and/or a school sponsored event will be considered a direct violation of Board policy and will result in the following:

1st Offense: Ten (10) days suspension. After five (5) full days of out-of-school suspension has been served and an appointment is scheduled for a conference with the parent/guardian, student and Substance Abuse Prevention Coordinator, then any days remaining of the suspension may be served as in-school suspension.

2nd Offense: Ten (10) days out-of-school suspension. Parent and student will see Substance Abuse Prevention Coordinator.

3rd Offense: Ten (10) days out-of-school suspension and recommendation of expulsion from school. If under age of sixteen, he/she will be provided an opportunity for an alternative education until age sixteen (16).

Public Act 122 provides additional penalties for minors under the age of twenty-one (21) years attempting to possess, purchase or consuming alcohol. The offense is now a criminal misdemeanor, with the first offense punishable by a fine of not more than \$100 (previously \$25), possible community service and substance abuse screening and assessment at the minor's expense. The same penalties apply for the second violation, except the fine increases to not more than \$200 (previously \$50), and the minor is also subject to sanction against his or her driver's license with suspension for 0 - 180 days (even if they weren't driving at the time of the citation). The fine increases to not more than \$500.00 (previously \$100) for third or subsequent violations, with possible mandatory participation in substance abuse prevention or treatment and rehabilitation services, in addition to the driver's license suspension of 180 days to one year. Other restrictions under Public Act #122 may apply (a copy of the act can be found in each building).

COSTS: The district will not be financially responsible for cost incurred as assessment, evaluation, or treatment. Payment for services or materials provided by professionals who are not school employees will be the responsibility of the student and family.

SUBSEQUENT OFFENSES: Subsequent offenses shall result in recommendation to the Board for expulsion from school. The student shall be suspended from school not exceeding ten (10) days, pending a hearing by the Board to determine action. The hearing shall be scheduled for the Board's next official meeting, which shall occur within ten (10) days from the suspension.

SELLING OR DELIVERING: Selling or delivering alcohol and/or controlled substances on school premises and/or at a school sponsored event shall result in suspension and a recommendation to the board for expulsion. A Board hearing to determine action to be taken shall be scheduled for its next official meeting which shall take place within ten (10) days from the suspension. A law enforcement agency may also be involved for purposes of determining if charges are to be pressed.

SPECIAL EDUCATION: Special education codes will be followed at all times when dealing with special education students. LEGAL REF: MCL, 380.1300; 380.1170;380.1275.

A weapon is also any object or instrument not defined above which may be used to harm or injure another person.

If a building administrator finds or determines a student to be in possession of or to have used weapons as herein defined, the administrator shall begin an investigation leading toward the recommendation for expulsion as defined Board policy.

WEAPON FREE SCHOOL ZONE:

The Board of Education of Lake Orion Community School District, as both an employer and a public school district, is concerned with and interested in protecting the health, safety, and welfare of students, employees, and visitors. The Board recognizes that school buildings, facilities, vehicles, grounds, and other school property are best utilized in the educational process in the absence of threats to physical well-being and safety, by individuals possessing weapons and/or dangerous weapons.

Accordingly, the Board of Education of Lake Orion Community School District (or the Superintendent, a principal or other District official as may be designated by the Board) shall permanently expel a pupil from attending school in the School District if the pupil possesses a weapon in a weapon-free school zone. Such expulsion is mandatory unless the pupil establishes, in a clear and convincing manner, at least one of the following:

1. That the object or instrument possessed by the pupil was not possessed for use as a weapon, or for direct or indirect delivery to another person for use as a weapon;
2. The weapon was not knowingly possessed by the pupil;
3. The pupil did not know or have reason to know that the object or the instrument possessed by the pupil constituted a weapon or dangerous weapon; or
4. That the weapon was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

Expulsions mandated under this policy shall be imposed in accordance with the procedures for student discipline as established by the School District and as set forth in the Student Handbook or other appropriate documents.

For purposes of application and enforcement of this policy, a B-B gun is considered to be a "firearm."

RECORDATION AND REFERRAL: All expulsions pursuant to this policy shall be entered and preserved on the student's individual permanent record. This information shall be disseminated, as part of a student's permanent record, to any other public or private (primary or secondary) school where the expelled student seeks to enroll and where this District is requested, or otherwise required, to forward or release records to that institution. The School District shall immediately report any incident involving the possession of a weapon or dangerous weapon on school property, in writing to the pupil's parent or legal guardian (if the pupil is unemancipated) and to the local law enforcement agency.

The School District shall, within three days of expulsion, refer the expelled student to the appropriate County Department of Social Services or County Community Mental Health Agency.

The School District shall also notify the individual's parent or legal guardian or (if the individual is at least 18 years old or otherwise legally emancipated) notify the expelled student of the referral. The School District shall also refer for prosecution conduct by any individual which is believed to violate state or federal laws establishing weapon-free or gun-free school zones.

PETITIONS FOR REINSTATEMENT: Pupils expelled pursuant to this policy (or their parent or legal guardian if the pupil is unemancipated) may petition the Board of this School District for reinstatement to school. An individual who was in grade 5 or below when expelled may petition for reinstatement at any time after the expiration of 60 school days subsequent to the date of expulsion. Individuals who were in grade 6 or above at the time of expulsion may petition for reinstatement at any time after the expiration of 150 schooldays subsequent to the date of expulsion. The School District will make available the proper forms to those who wish to petition for reinstatement. The petitioner shall provide an authorization and release for the Board of Education and its designated committee to request, receive and review all student records and student record information maintained by any public or private school which the petitioning pupil has attended. If such records are already in the possession of this District, the parent/guardian or student (if emancipated) shall furnish written authorization for review of same by the committee and Board of Education members.

2. The committee shall consist of two School Board members, one school administrator, one teacher, and one parent of a pupil attending this School District;
3. The Superintendent of the School District may prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement;
4. Not later than 10 school days after all members are appointed, the committee shall review the petition and any supporting information, including any information provided by

the School District, and shall submit a recommendation to the School Board on the issue of reinstatement;

5. The recommendation of the committee shall be unconditional reinstatement, or conditional reinstatement, or against reinstatement, and shall be accompanied by an explanation of the reasons for the recommendation and of any recommended conditions for reinstatement; and
6. The Superintendent shall be allowed to attend meetings of the committee appointed by this Board of Education when considering petitions for reinstatement.

CRITERIA FOR REINSTATEMENT:

The designated committee and this Board of Education shall consider at least the following factors when a petition for reinstatement is submitted:

Whether the reinstatement would create a risk of harm to other pupils or school personnel;

Whether reinstatement would create a risk of School District or individual liability for the School Board or School District personnel;

1. The age and maturity of the individual;
2. The individual's school record before the incident that caused the expulsion;
3. The individual's attitude concerning the incident that caused the expulsion;
4. The individual's behavior since expulsion and the prospects for remediation of the individual;
5. The degree of cooperation and support from the individual's parent or guardian (if the petition was filed by a parent or guardian) as well as any support which may be expected from a parent or guardian, if the expelled student is reinstated.

Petitions for reinstatement from students expelled by the Board of Education of another School District shall not be processed if that student has not first submitted a petition for reinstatement to the expelling Board. This School District will only consider reinstatement, to the extent required by law, upon receiving written verification of the denial of the student's petition for reinstatement by the expelling Board.

CONDITIONS OF REINSTATEMENT:

The School Board may require an expelled student (and if the petition was filed by a parent or legal guardian, the parent or legal guardian) to agree in writing to specific conditions before reinstating the student. These conditions may include, but are not limited to:

1. Signing a behavior contract;
2. Participation in or completion of an Anger Management Program or other appropriate counseling (at the expelled student's expense);
3. Periodic progress reviews; and
4. Specific immediate consequences for failure to abide by any conditions of reinstatement.

REINSTATEMENT:

If the School District decides to reinstate an expelled pupil, those who were in grade 5 and below at the time of the expulsion shall not be reinstated before the expiration of 90 school days subsequent to the date of expulsion, unless a longer period of expulsion is required

pursuant to the Federal Gun Free Schools Act. For students in grade 5 and below who have violated the Federal Gun Free Schools Act and who are accordingly subject to mandatory one-year expulsion, the Superintendent may submit his or her own recommendation to the Board of Education, in conjunction with the designated committee's recommendation, to modify the one-year expulsion requirement (on a case-by-case basis) to a period of time not less than 90 school days. Individuals in grade 6 or above at the time of the expulsion shall not be reinstated before the expiration of 180 school days (one legal school year) after the date of expulsion.

APPLICATION TO HANDICAPPED PUPILS:

This policy shall be applied in a manner consistent with the rights secured under Federal law to pupils who are determined to be eligible for special education programs and services.

9.5 FRATERNITIES, SORORITIES, GANGS, (etc.)

Students attending public schools are prohibited by state law from holding membership in fraternities, sororities, gangs, and secret organizations.

Gangs are groups that pose a threat to public safety and order through violence, intimidation, harassment, or other illegal activities. There is a zero tolerance for gangs or gang activity in Lake Orion Community Schools. To provide a safe environment for all students in Lake Orion Community Schools, all gang-identifying clothing items, and activities (as determined in cooperation with the police) are strictly prohibited in school, on school property, and at all school-related events.

If there is a clear and direct connection between the school district and any illegal incident which occurs off school property, disciplinary action may be pursued up to and including expulsion from school.

If any school offense is found to be gang related, the penalty can be increased up to and including expulsion from school.

Students violating the above regulation will be subject to disciplinary action up to and including expulsion and referral to police and/or courts. Non-students violating this policy will be refused entry to schools and school events or be asked to leave.

9.7 SHORT TERM SUSPENSION AND APPEAL PROCEDURES

Short term suspensions (up to and including ten (10) days) may be imposed by a principal or assistant principal pursuant to the guidelines in this code and according to the following procedures:*

9.7.1 Emergency Removal

A student may be removed or excluded from a classroom or a school when s/he poses a continuing danger to persons or property or represents an on-going threat of disrupting the educational process taking place in the classroom or the school premises. Such removal must be for a period of less than twenty-four (24) hours without being subject to suspension and expulsion procedures.

If a member of the school faculty removes a student, under his/her supervision, from a classroom or activity, s/he must submit to the principal written reasons for the removal the day the removal occurs.

A hearing must be held by the principal in accordance with the suspension or expulsion requirements depending on the probable outcome of the hearing. The person who caused, ordered, or requested the removal should be present.

Written notice must be provided to the student and the parent as soon as practicable prior to the hearing. If the probable outcome of the hearing is suspension, the hearing procedures applicable to a suspension must be applied. If the probable outcome is expulsion of the student, the hearing procedures applicable to an expulsion must be followed.

9.7.2 Teacher Initiated Suspension

A teacher may suspend a student from class, subject, or activity for up to (1) full school day for certain conduct as specified in the Code of Conduct. The teacher shall immediately send the student to the principal and specify the reasons for the suspension as specified in the Student Code of Conduct. As soon as possible after the suspension, the teacher shall schedule a parent-teacher conference regarding the suspension. If feasible, the counselor shall attend the conference. The principal may attend upon request of the teacher or parent. The student shall not be returned to the class, subject, or activity that school day without the consent of both the teacher and the principal.

9.7.3 Short-Term Suspension

The principal or designee may impose a suspension of up to ten (10) days duration, but shall attempt to notify the student's parents or guardians of the suspension by telephone, a written notification by e-mail or by regular mail may also be sent. A copy of the notification shall also be sent home with the student, if practical. The written notice shall include the reasons for the suspension, the date(s) of the suspension and the rights to appeal, enclosing this policy with the suspension notice.

9.7.3.A Preliminary Hearing

No student may be suspended without a hearing unless a clear and present danger exists, or it is otherwise impossible or unreasonably difficult to hold such hearing. In such instances, the necessary notice and hearing shall follow as soon as practicable.

The principal; or designee shall provide the student with an oral or written notice of the charge(s) against him/her and shall provide a hearing for the student before a suspension is ordered so that the student has a full opportunity to state why s/he should not be suspended. This preliminary hearing shall be an informal one in which the student is given a chance to respond to the charges and present any witnesses. The student's parents may be informed of the charges and the preliminary hearing if the principal so chooses. The hearing shall be held on the day of the alleged infraction or as soon thereafter as possible if an emergency prohibits an immediate hearing.

9.7.3.B Sending a Student Home

Unless the student is an immediate threat to the safety of the school, s/he should remain in the school until class is dismissed for the day. If the situation indicates that the student should be removed from the premises, the principal shall attempt to reach the student's parents to request they pick up their child. If they are unable to do so, the student should remain in the principal's office until school is dismissed.

The principal may forego the previous provision in event of mass violations of school rules or where it is not possible to keep the student(s) on school grounds and restore order or protect people on school property. In such an emergency situation, the principal shall contact the Superintendent.

9.7.3.C Responsibility for School Work

- a. For an in-school restriction, credit will be given for all classroom assignments that can be completed during the in-school restriction or as homework.

Failures shall be given for any classroom work that cannot be attended such as laboratories or skill sessions.

- *It is the policy of the Lake Orion Community Schools to comply with the Federal and State regulations regarding handicapped students.*

APPEALS PROCEDURES

All such reviews will begin at the building level, but may proceed to the district or Board of Education level as specified below. Imposition or continuation of a student's suspension will be deferred during any appeal process unless his/her presence at school will endanger the welfare or property of other individuals or of the school district.

9.7.3.D Appeal

Suspension of more than one (1) school day but not more than ten (10) school days may be appealed in writing to the principal within two (2) school days of the parents' receipt of the written suspension notice. The written appeal must contain the reason(s) that the suspension is being appealed.

- a. The student shall be reinstated during the appeal process unless it is determined that the student's attendance would jeopardize the safety of the student or of others.
- b. Upon review, the principal may uphold the suspension, establish an alternative suspension of lesser severity, or reverse the suspension in its entirety. The review may include, but not be limited to, a meeting with the parents if, in the principal's opinion, this is appropriate.

The School District's Technology Resources are appropriate and adequate to support instructional purposes. The School District uses Technology Resources as one way of enhancing the mission to teach the skills, knowledge and behaviors students will need as responsible citizens in the global community. CASUAL CONTACT COMMUNICABLE DISEASES

The Board of Education recognizes that control of the spread of communicable disease spread through casual-contact is essential to the well-being of the school community and to the efficient District operation.

For purposes of this policy, "casual-contact communicable disease" shall include diphtheria, scarlet fever and other strep infections, whooping cough, mumps, measles, rubella, and others designated by the Michigan Department of Community/Public Health.

In order to protect the health and safety of the students, District personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations which pertain to immunization and other means for controlling communicable disease spread through normal interaction in the school setting.

The teacher may remove from the classroom and the principal may exclude from the building or isolate in the school any student who appears to be ill or has been exposed to a communicable disease.

The Superintendent shall develop administrative guidelines for the control of communicable disease.

M.C.L.A. 380.1169

DIRECT CONTACT COMMUNICABLE DISEASE

The Board of Education seeks to provide a safe educational environment for students and staff. This can best be accomplished by assuring that all persons with the school community understand the method of transmission and prevention of diseases that are not contracted through air-borne pathogens, but rather, through direct contact with body fluids and excretions, especially blood, vomit, feces, or urine. The Board is also committed to assuring the confidential status of individuals who may have been diagnosed with a blood-borne communicable disease.

For purposes of this policy, these diseases shall include:

- A HIV (human immunodeficiency virus);
- B AIDS (acquired immune deficiency syndrome);
- C AIDS related complex (condition);
- D HAV, HBV, HCV (Hepatitis A, B, C);
- E other disease that may be specified by the State Department of Health as contact communicable diseases.

The Board recognizes the fact that individuals who have contracted these diseases may not exhibit symptoms for many years after exposure and may, in fact, not be aware that they have contracted the disease. They are, however, able to transmit the disease to other individuals.

With this in mind, the Board directs the Superintendent to develop programs for students and staff for the purpose of understanding the manner in which these diseases may be prevented and how they are transmitted. These programs should specify the risk factors involved how to deal with those risks, and emphasize the fact that these diseases are preventable if basic precautions are taken.

The Board further directs the Superintendent to assure that students or staff who reveal the fact they have contracted one of these diseases will have their status safeguarded in accordance with Federal and State statutes dealing with confidentiality and that their civil rights will be respected. Staff members will have access to District leave policies in accordance with Board policy and negotiated agreement and opportunities for reasonable accommodation as described by the Americans with Disabilities Act. Should a student be unable to attend school as a result of illness, an alternative education program shall be provided in accordance with the Board's policy and administrative guidelines dealing with Homebound Instruction.

Additionally, the Board directs the Superintendent to develop an educational program in accordance with Michigan law that will ensure proper instruction of guidance counselors, nurses (need not be included if a "licensed health care professional"), teachers, and other school personnel who teach students about HIV and AIDS. Such a program shall include information about:

- A. the nature of the disease;
- B. its causes and effects;
- C. the means of detecting it and preventing its transmission;
- D. the availability of appropriate sources of counseling and referral; and
- E. any other information that is appropriate considering the age and grade levels of students.
